But according to Jacob Hacker and Paul Pierson's new book, American Amnesia, as power has become more concentrated in the hands of the country's wealthy, the very instrument that brought America prosperity is now at risk of being scrapped and neglected.

American Amnesia - The Century Foundation

America can ill-afford continued amnesia in its foreign policy, any more than it can afford to allow public opinion to dictate national security policy. Because regardless of whether we want to be at war or not, al-Qaeda, the Taliban, and those like them across the globe are far from gone, and they are not going anywhere without a fight.

American Amnesia In The Afghan War - War on the Rocks

In American Amnesia, bestselling political scientists Jacob S. Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America's prosperity. We have largely forgotten this reliance, as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was.

American Amnesia | Book by Jacob S. Hacker, Paul Pierson ...

War on American Amnesia. June 17, 1971 Statement from President Richard Nixon [Revised June 24, 2019] America's public enemy number one in the United States is American Repression and Amnesia 1. In order to fight and defeat this enemy, it is necessary to wage a new, all-out offensive. I have asked the Congress to provide the legislative ...
