The rubric "cultural anthropology" is generally applied to ethnographic works that are holistic in spirit, oriented to the ways in which culture affects individual experience, or aim to provide a rounded view of the knowledge, customs, and institutions of a people.

ANTHROPOLOGY FOR BEGINNERS: Social and Cultural Anthropology

The study of humanity, or anthropology, starts with the origin and evolution of man. Other elements key to the study of anthropology are human modernity (anatomical and behavioral), defining culture and cultural universals, how man gathered food (subsistence) and the impact it has on social organization, and human language.
