Atlas Of Human Anatomy Professional

The Netter Atlas of Human Anatomy, first published in 1989, presents the anatomic paintings from the Netter Collection. Now translated into 16 languages, it is the anatomy atlas of choice among medical and health professions students the world over.

Atlas of Human Anatomy, Professional Edition: including ...

What a wonderful book. I am not a health-care professional -- just a layman -- but this book is positively captivating. I was able to use Dr. Netter's crystal-clear illustrations to understand a shoulder injury, and while there is virtually no descriptive text other than the labelling of the body parts (it's an atlas, not an anatomy book), there is much here to learn from.
